

# Technical data sheet

## CLEAMEN 301/401

Volume: 550 ml

Product code: VC301005599

### Product description:

A highly concentrated product designed for neutralizing odours and enhancing fragrance in the air or of a diluted solution with a new perfume. It disintegrates odours and leaves a pleasant fresh fragrance identical to Cleaman 300/400's perfume.

### Instruction of use:

It is designed particularly for sanitary and washroom areas. When using the product in a washing solution, it does not leave any oil stains behind and increases the perfume effects of the washing solution. This product can be used together with Cleamen red and yellow series and also independently in water. When applied with a sprayer, the product does not stain the furniture and textiles and leaves a long lasting fragrance. It neutralizes odours in textile materials and also the air.

level of fragrance	1	2	3
Sprey cleaning ml/1L	200	400	concentrate
dosing into bucket ml/10 L	3	10	30

### Physical and Chemical properties:
